Linda Kemp Workshop

August 13-16, 2018

This will be a four day workshop for all skill levels (Monday 8/13-Thursday 8/16). Linda Kemp frequently instructs and lectures at national symposiums and watercolor workshops throughout Canada, The United States and The United Kingdom. Linda is internationally recognized for her unique contemporary watercolors and innovative use of negative painting. She is the author of two books: *Watercolor Painting Outside the Lines - A Positive Approach to Negative Painting* and *Simplifying Design and Color For Artists - Positive Results Using Negative Painting Techniques* (North Light pub.) Describing her work Linda Kemp says, "I can't resist sorting through and arranging shapes and colours, in particular, the interwoven forms and layers of patterns I find while investigating tangled woodlands, meandering streams, open fields, roadside ditches and marshes. Appreciating my discoveries is easy; figuring out how to interpret my finds and then portray that essence two dimensionally with paint on paper is the real challenge! In my attempt to interpret nature's patterns and understand how the pieces fit together my strategy relies on two things, simplifying the complicated and taking an alternative negative or subtractive approach."

There is a \$100 *non-refundable deposit* required for advance registration to hold a place. Final payment is due July 12, 2018. If, after you have made your final payment, you find you cannot attend, we will refund your money, less the \$100 deposit, if we can find someone as a replacement. The workshop is 4 days. Workshop participants must be at least 18 years of age and may not split class time with another artist. Workshops are held at Maria Center on the campus of Notre Dame high school from 9am-3pm.
